BALADIN CHOCOLATE

KIKKE by Baladin are innovative delicacies made for us by Simone Sabaini: a special chocolate for beers. He started from his Modica chocolate and has interpreted every taste based on the combination with the 6 classic Baladin beers (Isaac, Wayan, Nora, Super, Leön and Elixir).

The Baladin organic chocolate can be enjoyed on its own, or with the Baladin beers. Teo and Simone Sabaini have created the recipes using spices combined with “Nacional fino de aroma Arriba Superior Summer Selected” cocoa from Ecuador. Each bar is truly unique. All ingredients and spices are organic and come from Slow Food Presidia or from Fair Trade companies.

The available tastes are 6: lemon and tangerine; white pepper and cardamom; coffee and ginger; 70% dark chocolate with coconut flower sugar; chili; muscovado sugar and licorice root.

Size: 50g chocolate bars
