

WAYAN SOUR 2011

A *sour* version of the classic Wayan. The color is the same deep, slightly hazy yellow, while the head is a bit rougher, but persistent enough. The sour nature of this beer is immediately perceived through the nose, although delicate notes of fruit and cereals emerge in the background. The taste surprises with its subtlety and the perfect balance between the sour component and the malty tones. The fruit and honey tastes, which create a perfect harmony with the acidity, make the whole experience smoother and create a beer that is very easy to drink. The finish is not particularly dry and very pleasantly sour.
