

GIN TONIC

Clear and bright, with medium-fine persistent bubbles, it has a rich and fragrant scent, with notes of resin that come from the juniper, followed by the floral and citrus notes of the other botanicals used in the distillate.

The taste is dry, clean and bitter. It has a floral character, where the delicate notes of cabbage rose and the bold aroma of Damask rose - reminiscent of middle-eastern food - emerge, along with citrus touches of lime and bergamot.

Gin and Tonica Baladin create a perfect dialog and leave the mouth clean, ready to take another sip.
