

TONICA PAPRIKA

Tonica Paprika is a special version in the Baladin range of tonic waters.

Its spicy notes and lobster color make it a unique experience for the eyes and the palate.

The taste is a pleasant surprise, with a combination of flavors that can be typically found in paprika.

The classic bitterness of quinine is complemented by an enveloping hint of saffron and tomato peel. The “journey” ends with the fresh and spicy note of chili pepper.

Pairings

Plenty of room for the imagination of mixologists! It can also be enjoyed with pizza or pasta with tomato sauce (maybe in a gin tonic) or, as we like it, just sip it while reading comics. Which one? Sweet Paprika, of course!
